PROFILE

I design **fintech, enterprise and mobile products**, from discovery research to the last pixel in production. MSc in data protection and security, useful when the product is a bank.

12
live products: mobile and web apps, websites and platforms

AI
chatbot integrated into a contact-center platform

1
component library built and shared across products

2021
the year I started in product design

EXPERIENCE

Senior Product Designer · Logate

2021 – now

Research · UX · UI · Component library · AI chatbot integration · Storybook handoff

Mobile banking
iOS · Android
Redesigned a regional bank's app from scratch. Card freeze went from a phone call to one tap.

Web banking
Desktop
Pay a stack of bills with one signature; statements in PDF or CSV instantly.

Contact center
Web app
Agent workspace for voice, video and chat, with an AI copilot and live dashboards.

Product Designer · Freelance

Ongoing

- Web apps and WordPress sites for small companies, e.g. a booking site for a speedboat agency on the Bay of Kotor.

Software Development Intern · Čikom

2021

- ASP.NET and ASP.NET Core. Why I still write specs developers like.

CONCEPT WORK

Pedal Pro
2023 · 2026
Cycling app designed for sunlight, gloves and 30 km/h.

Tura
2026
Book a speedboat tour on the Bay of Kotor in under a minute.

SKILLS

- Product & UX design
